Testimonials

WHAT OUR CLIENTS HAVE TO SAY ABOUT US!

Two words... "Book Now!" The service provided was top tier. We even had treats and fresh tea. I got the full body massage with hot stones and facial. Everything was professionally completed and customer service was excellent. Thank you ladies!

I've been looking for a spa that does men's facials. I came across a link for Greenhouse and explored their treatments. I had my first session on December 5 and scheduled a second one for January 9. But my face felt and looked so much better I went back on December 19! Jennifer is great! She explained what I needed and what she was doing to give my face a deep clean as well as remove a few pesky blemishes. Add to that the offer of nice bottled water, juice or champagne when I was done and I left very satisfied. I really don't have any skin issues and don't treat myself to something relaxing and beneficial very often. I left Greenhouse Day Spa with a clean and radiant face. No redness. No discomfort. I highly recommend this spa!

My daughter and I needed some respite from city noise and hard work. We found what we needed at Greenhouse. Our massages--we both felt--were the best we've ever had, and we're no strangers to spas. This was a great

and nurturing experience in a beautiful place, in a quiet neighborhood. I really appreciate that Greenhouse doesn't feel commercial and big-businessy. We will be back soon.

Tatiana listened to my needs & concerns, & gave me EXACTLY the massage I wanted & needed. She was knowledgeable and caring, and brought those same skills to the Signature Facial. I'll definitely be back! This spa is so calming and comfortable, I leave feeling totally refreshed.

Jenifer is very professional, with a lot of experience concerning every skin issue. Gives wonderful neck and arm massages. I am SO happy to have her for my facials. The Greenhouse Spa itself is a lovely venue - very quiet, not full of people, and Melissa is very attentive to making appointment and replying to requests for bookings.

Great service, great ambiance, one of the best massages I've had. So relaxing!

From the moment you walk inside you will smell and feel the ambiance of complete zen and relaxation! :) Upon walking inside the owner Darcey greets you with a very professional yet warm personality that you feel as if you have known her for years. I received the renewed radiance facial for 80 minutes and it still was not long enough lol. I wanted the experience to continue forever :) The esthetician was so knowledgeable with skin care and explained everything as she went along. I'm so excited that I found "my new spa" and look forward to my next service at Green House Day Spa!

This was the most amazing experience my daughters and I could ever have under the circumstances. The entire staff treated us like royalty and gave us an opportunity to escape from our difficult reality. We will definitely be recommending this hidden gem to everyone we know and we will definitely be back. Thank you and God Bless.

What a wonderful and relaxing experience! I can't say enough good things about The Greenhouse Day Spa and its staff! Jennifer and Annie took such amazing care of me and truly pampered me - treat yourself and take good care of yourself by escaping to The Greenhouse - you won't be sorry!

Needed to get somewhat prepared for the holidays and thankfully new signage at this wonderful little, local spa caught my eye. What a gem! I met Tatiana and had the most wonderful rejuvenating, professional facial and brow/lip waxing in preparation for the busy holiday season. It is immaculately clean, bright, friendly and LOCAL loving that it is in my neighborhood and so convenient.

A wonderful experience. First of all, I pulled up to the cutest house with beautiful flowers lined up in front and a great big tree. As soon as I walked in, I was greeted with a warm welcome, and I know there was a smile under her mask! The space was immaculately clean, and smelled of aromatherapy, which I love. As I filled out a questionnaire, she offered me a beverage, I declined because I didn't want to interrupt my service with a bathroom break. Annie was my service provider and she was AWESOME. I chose to receive the relax and

hydrate spa package. She explained each step to me and offered skin care advice as well. Let me tell you, So relaxing and my face was glowing. So satisfying and will be definitely be back!
